Training Opportunities The SALC Training leaflet was discussed by all present and it was decided that the June 07 dates gave us too short notice. An autumn training course would be more convenient.

5 Future Structure of Council This was discussed and our purpose included: management and promotion of the playing field, Burkes Wood, footpaths and rights of way; the future of the pavilion; play equipment and to construct two new tennis courts. To nurture and care for trees. The long term of this , our most valuable asset- the playing field. A site visit was proposed by the Chairman, date fixed for Monday 11th June at 14.00 to meet at the pavilion. Mr Keith Stebbings, Park-keeper to be invited. Future 2007/8 dates for our Recreation Working Group: Mon 30th July, Mon 1st Oct, Mon 3rd Dec, Mon 4th Feb 2008, Mon 28th April 2008 all at 14.00 Lindos Centre. Further discussion followed including the possibility of re-siting the football pitches, using the present tennis courts as car parking, to relieve the crush on the Melton Road. Re-siting two new carpet surface tennis courts; looking at the options for a resource centre on the present pavilion site.

Footpaths and pavements were discussed at some length and a meeting at SCD office 18th June at 11.00 was to be attended by as many as possible. As many agencies from CC and DC were to be assembled it was important that the Parish Council knew their views and ascertain how much was relevant to MPC.

The meeting closed at 16.00
