

MELTON PARISH COUNCIL

Guide to Local Public Transport

Temporary 'Coronavirus' Edition

Details of temporary reduced bus and train services in Melton and Woodbridge area.

Valid from 23rd April 2020 until new Covid19 Regulations come into force.

The Government has made it clear that public transport is currently for essential use only. This includes not only key workers who cannot work from home, but also shopping for basic necessities (not just food and drink) and for medical needs (e.g. buying non-prescription drugs from a pharmacy, attending a pre-arranged GP or outpatient appointment). Government guidelines urge people to 'stay local'. If you do not meet any of these criteria, **please do not travel**.

Social distancing on buses and trains should not be a problem as, despite passenger numbers having dropped by 90% on pre-Covid19 levels, services are still quite frequent. Revised timetables for local bus & train services and the Norwich - Ipswich - London main line appear on the following pages. The local train service to/from Ipswich is unchanged.

The *Connecting Communities* demand-responsive service remains available for essential shopping and health appointments. Operating and booking hours remain unchanged, but online booking requests are suspended. No community cars or door to door services are available. The Park-&-Ride and National Express services are suspended for the duration.
