Coronavirus - Changes to the trains timetable

We're resuming a full timetable on most of our services from Monday 6 July, except for on our Stansted Express and Norwich-London intercity services - although we're adding 12 extra services onto our intercity route across the day. We'll keep monitoring passenger numbers, so we can adjust our services if we need to. We'll keep you updated about any changes.

All ticket offices will reopen in the week beginning Sunday 5 July, although there will be fewer windows open to allow our staff to maintain social distancing. Please reduce the time you need to spend at the station by buying your ticket in online and remember to wear a face covering on our stations and trains.
